

Come Out & Vote October 18th, 2021

Chad Young

Red Deer County
Division 1

I strongly believe that it takes all of us to build our municipality and its communities and that our leaders need to be meaningfully engaged with the people they represent to ensure that the issues and concerns of our residents are heard, communicated and fully considered. I want to ensure that we continue to grow our County in a responsible manner while protecting our agricultural roots.

We are all facing new challenges and I would like to bring a fresh face and approach to meeting these challenges.

My goal is to work towards ensuring governmental transparency, honesty, accountability while promoting social and economic development.

Local, Approachable & Community Minded

On October 18th, 2021

Elect Chad Young

Red Deer County Councillor
Division 1

Hi, my name is Chad Young.

I was born and raised in Red Deer County.

I was fortunate to have had a rural Albertan upbringing.

My dad was a local farmer/rancher and bull rider who went on to build his own business. My mom was a teacher and homemaker. I have had a love for this land here in central Alberta since I was a child and I have witnessed first-hand the value in building our small town municipalities while supporting and preserving our agricultural backbone.

30 years ago I started off working as a grocery labourer during high school. I decided to build on that experience and proceeded to gain a formal education from the Northern Alberta Institute of Technology in Retail Meat Cutting. It was a job I enjoyed but fiscally hard initially. At an early age, I was able to save up funds and pursue and manage rental properties. I went on to obtain my Real Estate License and worked in residential, commercial and agricultural Real Estate for over ten years.

I left the Red Deer and Delburne area for a short period and accompanied my wife to southern Alberta while she followed her career aspirations. During that time, I purchased and operated my first grocery store in Lethbridge, Alberta.

In 2008, I returned to the area and owned and operated my second successful grocery store in Red Deer, AB. Then just over 10 years ago, I made the decision to establish my forever home right down the road from where I grew up and I am proud to call Red Deer County my home.

I am fortunate to have fulfilled my own dream of owning my own business in my home town and I am currently the owner and operator of Oops Fresh Market in Delburne, AB.

When I am not managing my business, I enjoy spending time with my family and participate in recreational activities such as curling, golfing, hunting, kayaking and camping.

Over the last twenty years, I have volunteered with local law enforcement with Citizens on Patrol in Red Deer and then as an Auxiliary Constable.

I started my own security business which I transitioned over to another company so I could concentrate on Retail Grocery. Through these opportunities, I gained experience and knowledge of Federal laws, Alberta statutes and local bylaws which has given me insight which could assist me in acting as your County Councillor and working with colleagues in further development of our protective services to address rural crime.

Growing up, I certainly never had any aspirations of being a politician but I have always felt a sense of commitment to bettering our community and helping others.

I believe that I was asked to step up by several county residents because of my serving nature and their belief that I truly care about people, their well-being and the future of our municipality.

I started off small and through hard work and determination I have been able to build my own business here in central Alberta and will bring my strong work ethic and community mindedness as your representative in Red Deer County.
